

ALH HANDYMAN SERVICES URGENT NOTICE:

QUALIFY TODAY FOR FEDERAL TAX CREDITS
AVAILABLE NOW FOR ENERGY EFFICIENCY HOME IMPROVEMENTS

GET UP TO \$1,500 TAX CREDIT!

Now is the perfect time to lower your utility bills with a high-efficiency/low-cost energy efficiency home upgrade from ALH Handyman Services. To make it easier for you, we've developed a fool-proof system that eliminates the guesswork on how to qualify for federal and state programs.

From obtaining loan approval to finding the best ENERGY STAR product recommendations for new windows and doors, HVAC, insulation and roofing, our energy experts will guide you through every step of the project. Plus, all phases of the project are managed and installed by our award-winning home renovation team.

Boost the energy efficiency of your home with ALH Handyman Services and a little help from Uncle Sam.

HERE'S HOW THE PROGRAM WORKS:

1 Call ALH Handyman Services at 913.384.0030

Ask to speak with one of our energy experts to determine if these programs are right for you. While the Federal Tax Credit is the same for all U.S. citizens, Kansas and Missouri offer programs that offer additional incentives to their residents. Here's an overview:

- **FEDERAL** - Tax credits are available at 30% of the cost, up to \$1,500. Visit: energystar.gov.
- **KANSAS** - Efficiency Kansas Loan Program
Get low-cost financing, no more than 4% interest rate, up to \$20,000. Plus the first 1,000 participants are eligible for an additional \$350 energy audit rebate. Visit: efficiencykansas.com.
- **MISSOURI** - Receive a state income tax deduction. Maximum deduction is \$1,000 per year, or \$2,000 cumulatively for multiple years. Visit dnr.mo.gov/ENERGY. Click: Home Energy Audits.

2 Obtain loan approval

For Kansas residents, we will guide you to a participating financial lending institution.

3 We'll do the rest, including:

- **Conduct energy audit and develop an energy efficiency plan**
 - Complete the first of two home energy audits
 - Diagnose energy deficiencies in your home and formulate an energy efficiency plan
 - Develop a detailed estimate to complete the energy efficiency plan
 - Present the estimate and plan to your state energy office for review and approval
 - Obtain approval from the state energy office
 - Finalize the loan for Kansas residents
- **Execute the plan and complete the work**
 - Perform all work specified in the plan to customer satisfaction
 - Complete the second home energy audit to measure success
- **Submit final documentation**
 - Provide all documentation and certificates of completion to the customer to secure all available tax credits

Hurry and call us today! 913.384.0030
Don't lose your share of the Federal Stimulus Package.
These tax credits will expire Dec. 31, 2010.
